

Zeev Vered

Carleton University lost a distinguished member of its community with the passing of Zeev Vered on June 9, 2008. Mr. Vered's relationship with Carleton began in the 1970s when his wife, Sara Vered (BA '78) and two sons began attending Carleton. He later served as a Board member for just over 12 years, as well as chair of the building committee. As a professional engineer and entrepreneur, he founded several companies, including: Gilad Parking, Gilad Properties, Arnon Corporation and Ron Engineering & Construction. His three sons, Gilley (BA '75, MA '77), Arnie (BEng '79) and Ron are all involved in these flourishing enterprises. As a lifelong philanthropist, Vered and his family have established several student awards at Carleton.
